INTERNATIONAL DOCTORAL STUDIES

Institute of Plant Genetics, Polish Academy of Sciences
Academic year 2018/2019, spring semester

R for geneticists - course by Prof. Idzi Siatkowski, Poznań University of Life Sciences.

Start of the course: 8:30

5 March	Introduction and calculations in R part I (2 hours)
19 March	Calculations in R part II (2 hours)
2 April	Data preparation (2 hours)
16 April	Visualisation (3 hours)
14 May	Testing part I (2 hours)
28 May	Testing part II (2 hours)
18 June	Dependencies and Regression part I (3 hours)
25 June	Regression part II (2 hours)
2 July	Exam (2 hours)

Filamentous Fungi - course organised by dr hab. Lidia Błaszczyk IPG PAS

Doctoral seminars "Plant genetics part 2"

11 June - OMICS SCHOOL: Volatilomics

4,6, 10 and 12 June - Meeting with Head IDS IPG PAS

Recommended course: "Cutting edge methodologies in human molecular genetics" Institute of Human Genetics PAS
